

Winner takes it all

I've a penchant for a pension
Keep the wolf from the door
Around six-fifty k should do
Perhaps a little more
The company I ran's not quite
The place it was before
But ... I've a penchant for a pension
Keep the wolf from the door

I've a penchant for a pension
Did I mention, I'm retired?
I didn't jump, I wasn't pushed
I wasn't sacked or fired
The company I used to run
Has virtually expired
But ... I've a penchant for a pension
Did I mention, I'm retired?

I've a penchant for a pension
I've got years ahead of me
Due to circumstances unforeseen
I'm an *early* retiree
The company I ran is mired
In dire insolvency
But ... I've a penchant for a pension
And a life of luxury.
